

DANISH WOMAN REGAINS HEALTH

Tells Everybody What Lydia E. Pinkham's Vegetable Compound did for Her.

Chicago, Ill.—"It gives me great pleasure to let others know that I improved in health with the first bottle of Lydia E. Pinkham's Vegetable Compound; after taking two bottles I am entirely well. Before taking it I could not do any kind of work without a pain in my back as I suffered so much from inflammation. I had headaches, was all ways tired and no appetite. Words cannot express my gratitude for the good your medicine has done me, and through me to my family. I recommend Lydia E. Pinkham's Vegetable Compound to all women suffering from female troubles, particularly to Danish women."—Mrs. META DAMGAARD-MATZAN, 2137 Kimball Ave., Chicago, Ill.

It is positively true that Lydia E. Pinkham's Vegetable Compound has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.

Interesting Letter from Member of Company C.

The following letter was received recently by Mr. and Mrs. F. E. Brown of this place from their son, Homer:

"Somewhere in England, Oct. 1917. "Dear Ma and Dad: Well, here we are across the water safe and sound. We were just two weeks on the ship, about eight days without seeing land. It sure was the longest trip I ever made and if I know myself there's just one more ocean trip for this chicken, and that is back to good old U. S. A.

"There were five transports and four freighters which came over with us. We were met two days out by an escort of submarine destroyers, but didn't see a submarine.

"One transport had a large bunch of Chinese, going to France as laborers. We had an all-night trip on the train after we left the boat, to get to our present camp.

"We were in hopes to get into barracks, but have not as yet. The country is simply beautiful around here. The camp is near one large city and several smaller ones. It is all very interesting to us and we have a lot of fun with English money.

"Believe me, I realize that I am a long way from home, but, God permitting, I shall be back home soon, but no one knows how soon. We stick until the finish and it seems as though that must come soon. We are opposed by a wonderful army, but nevertheless I firmly believe we have a better one. Meanwhile we must close now, hoping to see you both in a short time. Please remember this important thing: Don't believe everything you hear or read. I will let you know what I can. Don't worry, for there is absolutely no necessity for it, for I shall be all right and I am coming for you sometime. God will take care of us and right will prevail. Remember me to everyone. Homer."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after-effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

CONSTIPATION INVITES DISEASE

A reliable laxative is necessary to the comfort and health of any well-ordered household, because constipation is a condition that affects, in greater or less degree, practically every member of the family. When the bowels refuse to act the entire system is affected; digestion is impaired, nerves begin to twitch, foul gases and poisons generated by decomposing substances in the intestines are distributed throughout the body, and often result in serious illness. A prominent French scientist says ninety-five percent of all human diseases is directly traceable to inactive bowels.

More than a quarter of a century ago Dr. W. B. Caldwell prescribed a combination of simple laxative herbs with pepsin that is now the standard remedy in thousands of homes. This prescription is sold by druggists for fifty cents a bottle, under the name of Dr. Caldwell's Syrup Pepsin. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.
